

£1,500,000,000 NOMINAL OF

8% TREASURY STOCK 2015

**AVAILABLE FOR SWITCH BY AUCTION
ON A BID PRICE BASIS ON 22 JUNE 2000 INTO**

4¼% TREASURY STOCK 2032

Application will be made to the London Stock Exchange for the 4¼% Treasury Stock 2032 issued as a result of this switch auction to be traded on the Main Market with effect from 23 June 2000.

1 THE UNITED KINGDOM DEBT MANAGEMENT OFFICE ("DMO") invites bids by GILT-EDGED MARKET-MAKERS ("GEMMs") holding 8% Treasury Stock 2015 to switch their holdings into 4¼% Treasury Stock 2032 with effect from 23 June 2000.

2 The DMO will announce a clean price for 8% Treasury Stock 2015 at 10.00am on 22 June 2000. Competitive bids are invited on a clean price basis for 4¼% Treasury Stock 2032. There is no provision for making bids on a non-competitive basis.

3 The DMO reserves the right to reject any bid or any part of any bid. Subject to this, bids will be ranked in descending order of price for 4¼% Treasury Stock 2032 and such Stock will be allocated to applicants whose bids are at or above the lowest price at which the DMO decides that any bid should be accepted (the "lowest accepted price"). Applicants whose bids are accepted in full will be allocated amounts of 4¼% Treasury Stock 2032 calculated according to the ratio of the dirty price (clean price plus accrued interest) of the source stock and the dirty price (clean price plus accrued interest) of the destination stock, rounded to four decimal places, and multiplied by the nominal amount of the source stock bid (or, where applicable, the percentage of the amount bid at the lowest accepted price), the sum of which is subject to any applicable scaling factor. The accrued interest on 8% Treasury Stock 2015 will be based on the number of days between the period from 7 June 2000 (the last interest payment date of the stock) to 23 June 2000 (the settlement date of this switch auction). The accrued interest on 4¼% Treasury Stock 2032 will be based on the period from 25 May 2000 (the issue date of the Stock) to 23 June 2000 (the settlement date of this switch auction).

4 The DMO may switch less than the full amount of the Stock on offer at the auction and may decide not to switch any of the Stock.

4¼% Treasury Stock 2032

5 4¼% Treasury Stock 2032 issued as a result of the switch auction will be fungible in all respects with the existing 4¼% Treasury Stock 2032 from the settlement date (23 June 2000) and will be subject to the provisions of the prospectus dated 16 May 2000 and the Information Memorandum relating to the Issue, Stripping and Reconstitution of British Government Stock published by the DMO on 12 November 1999 (the "Information Memorandum"). GEMMs who switch all or part of their holdings will therefore qualify for the next interest payment on 4¼% Treasury Stock 2032 payable on 7 December 2000 at the rate of £2.275956 per £100 nominal of Stock. Switches of holdings of 8% Treasury Stock 2015 will be on the basis that they are surrendered free from all liens, charges and encumbrances and with all the rights now or hereafter attaching to them.

Bidding

6 Between 10.00am and 10.20am on 22 June 2000 GEMMs may make an unlimited number of telephone bids to the DMO; between 10.20am and 10.30am GEMMs are allowed up to a further 10 telephone bids each. Bids received after 10.30am on 22 June 2000 will not be accepted.
