PRESS NOTICE

INDEX-LINKED GILT SYNDICATION IN NOVEMBER 2011: MATURITY AREA 12-20 YEARS

The United Kingdom Debt Management Office ("the DMO") announces today that it plans to launch a new index-linked gilt by syndicated offering in November 2011 with a maturity in the 12-20 year area.

The current planning assumption is that syndicated offerings will raise approximately £31.6 billion in 2011-12; sales by syndication in the financial year to-date are approximately £16.9 billion.

Subject to market conditions it is expected that the sale will take place in the second half of November. Further information about the conduct of this offer will be announced in due course.

NOTES TO EDITORS

The DMO financing remit for 2011-12, published alongside the Budget on 23 March 2011 (and updated on 21 April 2011), included the provision for a programme of up to eight syndicated offerings to be held in 2011-12 to raise £31.6 billion (cash). The current planning assumption is that £18.1 billion will be raised by sales of index-linked gilts and £13.5 billion by sales of long-dated conventional gilts.

The DMO also announced on 23 March 2011 its intention to implement the programme of syndicated gilt offerings in 2011-12 more evenly across the year than in 2010-11 via smaller and more regular operations than in 2010-11.

The results of the four syndicated offerings held to-date in 2011-12 are summarised in the table below.

On 31 August 2011 the DMO announced plans for two index-linked syndicated offerings in October-December: to occur in the second half of October and in the second half of November (with all timings subject to confirmation depending on market conditions nearer the time).

On 20 September 2011 the DMO announced that the index-linked gilt to be sold in the second half of October will mature in the 50-year area.
