Index-linked gilt market turnover 2009-2013

*Professional turnover is defined as turnover with counterparties who are Broker Dealers (BDs), other Gilt-edged Market Makers (GEMMs), DMO or Bank of England. Customers are all others (including businesses with related entities).

** The redemption totals for index-linked gilts in this chart do not reflect the full value of inflation uplift. They are calculated in a way consistent with the formulation of the Government's financing requirement i.e. that part of the accrued inflation uplift on any redeeming gilts that represents the return to investors is included in the CGNCR in that redemption year, and the remainder is included in the redemption total for the year in which the relevant gilts redeem. 'Government holdings' is defined as gilts held by the DMO.
