STOCK: 4 $\frac{1}{8}$ % INDEX-LINKED TREASURY STOCK 2030

MATURITY DATE: 22 JULY 2030

INTEREST DATES: 22 JANUARY / 22 JULY

AUCTION DATE: 14 DECEMBER 2005

SETTLEMENT DATE: 15 DECEMBER 2005

The United Kingdom Debt Management Office ("the DMO") announces the issue by Her Majesty's Treasury of a further £375 million nominal of 4 $\frac{1}{8}$ % Index-linked Treasury Stock 2030, for auction on a uniform price basis on Wednesday, 14 December 2005 and settlement on Thursday, 15 December 2005. This further issue will be fungible with the stock already in issue.

Interest on 4 $\frac{1}{8}$ % Index-linked Treasury Stock 2030 is payable half-yearly on 22 January and 22 July. The price payable for this further amount of stock will include an amount equal to the accrued interest from 22 July 2005, the most recent interest payment date of the stock, to 15 December 2005, the settlement date of this further issue, at the rate of £2.325764 per £100 nominal of stock. This further issue of the stock will rank for the full amount of interest due on 22 January 2006, at the rate of £2.9311 per £100 nominal of stock.

The stock will be repayable on 22 July 2030. The amount due on repayment, per £100 nominal of stock, will be related, subject to the terms of the prospectus, to the movement during the life of the stock of the United Kingdom General Index of Retail Prices ("RPI") published by the Office for National Statistics.

Interest payments on this stock are also linked to the movement of the RPI over the relevant period. Interest payments will ordinarily be paid to holders of this stock without deduction of United Kingdom income tax. However, holders may elect to have United Kingdom income tax

deducted from interest payments, should they so wish, on application to the Registrar, Computershare Investor Services PLC.

Under Rule 7265 of the London Stock Exchange, dealings in this further amount of 4 $\frac{1}{8}$ % Index-linked Treasury Stock 2030 on a "when-issued" basis may be conducted from the time of this announcement until the close of business on Wednesday, 14 December 2005. The SEDOL and ISIN codes to be used for "when-issued" trading are B-0T1-7Z7 and GB00B0T17Z72 respectively. The TIDM code "AUCA" should be used for trade reporting purposes. The SEDOL and ISIN codes to be used after this date are 0-893-266 and GB0008932666 respectively.

Index-linked gilt-edged market makers ("IG GEMMs") may make either competitive or non-competitive bids. These must be made by telephone to the DMO not later than 10:30 am on Wednesday, 14 December 2005. The DMO will allot stock to individual bidders at its own discretion. In particular, it may decline to allot stock to an IG GEMM or a client of an IG GEMM if it appears that to do so would be likely to lead to market distortion. Successful bidders should not generally expect to acquire more than 40% of the nominal amount of stock on offer at the auction for their own account. Therefore, by 10:45 am, every IG GEMM will be required to report all its bids irrespective of whether or not they have subscribed for 40% or more of the stock on offer. The DMO expects to announce the auction result by 11:10 am on Wednesday, 14 December 2005.

Should there be the need to scale back any individual IG GEMM's allotment, the DMO will first discard the lowest own-account bid(s) and then repeat this operation up to the relevant cut-off point. A client who bids for more than 40% of the amount of stock on offer may be scaled back using the same method. If bids have been made through more than one IG GEMM, the lowest bids will be scaled back first, and then, where multiple bids are at the same price, on a pro-rata basis per IG GEMM up to the relevant cut-off point.

In accordance with the DMO's Operational Notice, up to 10% of the nominal amount of stock on offer at the auction (ie £37.5 million nominal) will be made available for non-competitive bids from IG GEMMs. Each IG GEMM will be entitled to make a non-competitive bid in proportion to its successful participation at the previous index-linked gilt auctions in November 2005, October 2005 and July 2005.

A Notice announcing the auction of this issue of stock will be advertised in the Press. Bids may be made on either a competitive or a non-competitive basis. Details of the bidding procedures are set out in the prospectus and in the Information Memorandum relating to the Issue, Stripping and Reconstitution of British Government Stock dated December 2004, as amended by the DMO's Notices of 13 May 2005 and 13 September 2005, (the "Information Memorandum"). The prospectus for competitive bids and non-competitive bids, the Information Memorandum and the Notices of Amendment can be obtained from the Registrar or the DMO or from the DMO's website at:
