### **INDEX-LINKED GILT AUCTION**

NOMINAL AMOUNT: £625,000,000

STOCK: 2% INDEX-LINKED TREASURY STOCK 2035

MATURITY DATE: 26 JANUARY 2035

INTEREST DATES: 26 JANUARY / 26 JULY

AUCTION DATE: 7 MARCH 2006

SETTLEMENT DATE: 8 MARCH 2006

The United Kingdom Debt Management Office ("the DMO") announces the issue by Her Majesty's Treasury of a further £625 million nominal of 2% Index-linked Treasury Stock 2035, for auction on a fully paid uniform price basis on Tuesday, 7 March 2006 and settlement on Wednesday, 8 March 2006. This further issue will be fungible with the stock already in issue.

Interest on 2% Index-linked Treasury Stock 2035 is payable half-yearly on 26 January and 26 July. The price payable for this further amount of stock will include an amount equal to the accrued interest from 26 January 2006, the most recent interest payment date of the stock, to 8 March 2006, the settlement date of this auction, at the rate of £0.252616 per £100 nominal of stock. This further issue of the stock will rank for the full amount of interest due on 26 July 2006, at the rate of £1.115207 per £100 nominal of stock.

The stock will be repayable on 26 January 2035. The amount due on repayment, per £100 nominal of stock, will be related, subject to the terms of the prospectus, to the movement during the life of the stock of the United Kingdom General Index of Retail Prices ("RPI") published by the Office for National Statistics.

Interest payments on this stock are also linked to the movement of the RPI over the relevant period. Interest will ordinarily be paid to holders of this stock without deduction of United

Kingdom income tax. However, holders may elect to have United Kingdom income tax deducted from interest payments, should they so wish, on application to the Registrar, Computershare Investor Services PLC.

Under Rule 7265 of the London Stock Exchange, dealings in this further amount of 2% Index-linked Treasury Stock 2035 on a "when-issued" basis may be conducted from the time of this announcement until the close of business on Tuesday, 7 March 2006. The SEDOL and ISIN codes to be used for "when-issued" trading are B-0V3-X08 and GB00B0V3X081 respectively. The TIDM code "AUC" should be used for trade reporting purposes. The SEDOL and ISIN codes to be used after this date are 3-179-082 and GB0031790826 respectively.

Index-linked gilt-edged market makers ("IG GEMMs") may make either competitive or non-competitive bids. These must be made by telephone to the DMO not later than 10.30 am on Tuesday, 7 March 2006. The DMO will allot stock to individual bidders at its own discretion. In particular, it may decline to allot an amount of stock to an IG GEMM or a client of an IG GEMM if it appears that to do so would be likely to lead to market distortion. Successful bidders should not generally expect to acquire more than 40% of the nominal amount of stock on offer at the auction for their own account. Therefore, by 10:45 am, every IG GEMM will be required to report all its bids irrespective of whether or not they have subscribed for 40% or more of the stock on offer. The DMO expects to announce the auction result by 11.10 am on Tuesday, 7 March 2006.

Should there be the need to scale back any individual IG GEMM's allotment, the DMO will first discard the lowest own-account bid(s) and then repeat this operation up to the relevant cut-off point. A client who bids for more than 40% of the amount of stock on offer may be scaled back using the same method. If bids have been made through more than one IG GEMM, the lowest bids will be scaled back first, and then, where multiple bids are at the same price, on a pro-rata basis per IG GEMM up to the relevant cut-off point.

In accordance with the DMO's Operational Notice, up to 10% of the nominal amount of stock on offer at the auction (ie £62.5 million nominal) will be made available for non-competitive bids from IG GEMMs. Each IG GEMM will be entitled to make a non-competitive bid in proportion to its successful participation at the previous index-linked gilt auctions in February 2006, January 2006 and December 2005.

A Notice announcing the auction of this issue of stock will be advertised in the Press. Bids may be made on either a competitive or a non-competitive basis. Details of the bidding procedures are set out in the prospectus and in the Information Memorandum relating to the Issue, Stripping and Reconstitution of British Government Stock dated December 2004, as amended by the DMO's Notices dated 13 May 2005 and 13 September 2005, (the "Information Memorandum"). The prospectus for competitive bids and non-competitive bids, the Information Memorandum and the Notices of Amendment can be obtained from the Registrar or the DMO or from the DMO's website at:
